PRIME MINISTER OF AUSTRALIA'S MESSAGE

As Prime Minister of Australia I am delighted that the next Commonwealth Heads of Government Meeting (CHOGM) will be held in Perth, Western Australia, from 28 to 30 October 2011.

Australia is a committed and active member of the Commonwealth and takes great pride in being the first nation to host CHOGM three times, with Melbourne hosting in 1981, Coolom in 2002 and Perth 2011.

CHOGM 2011 will provide a unique opportunity for Commonwealth leaders to gather and discuss the challenges of our times. I look forward to welcoming Commonwealth leaders from near and far to our shores for this significant event.

I am particularly eager to welcome business leaders from within as well as outside the Commonwealth to participate in the Commonwealth Business Forum.

The Commonwealth Business Forum will be held from 25 to 27 October 2011 and focus on the pertinent theme "Partnering for Global Growth: The Commonwealth, Indian Ocean and Pacific Rim".

Over 100 eminent speakers and panellists and hundreds of delegates are expected to attend the Commonwealth Business Forum.

The Forum will, as it has in the past, provide an extraordinary opportunity for business and government to network on practices and policies for the enhancement of global trade and investment. The Forum will also allow for comprehensive dialogue with the private sector.

The Australian Government looks forward to welcoming the Commonwealth business sector to Australia to showcase the strengths of our nation. We have a strong financial sector, our businesses are plugged into global supply chains and we have energy and resources that are critical to economies around the world.

I join Dr Mohan Kaul, Director-General of the Commonwealth Business Council in encouraging business, big and small, to get involved and consider the opportunities available to support, promote and participate in the Commonwealth Business Forum, to network with policy makers, key government officials and business leaders.

I look forward to CHOGM 2011 and the outcomes from the Commonwealth Business Forum and wholeheartedly welcome you to Australia and Western Australia in particular.

PREMIER OF WESTERN AUSTRALIA'S MESSAGE

Western Australia is blessed with extraordinary mineral and energy resources; food and fish production; and advanced and highly capable service industries for these sectors.

In international trade, Western Australia punches above its weight, producing more than one third of Australia's exports with just one tenth of the nation's population. In fact, Western Australian is the source of 66 per cent of all Australian exports to China, 42 per cent of Australian exports to India and 33 per cent of Australian exports to Japan.

Currently, Western Australia is rapidly expanding its relationship with Asia and the Indian Ocean rim countries. Given the long term growth prospects of these regions, the State's share of the nation's exports is likely to grow even larger over the next decade.

Not surprisingly, global resource and service companies have a major presence in Western Australia. The combination of natural resources, relative proximity to Asian markets and the comfort of doing business in a first world nation with both political and legal stability make the State an attractive business centre and overseas investment continues to be welcomed here.

However, the business conditions enjoyed in Western Australia and are not simply the result of luck. Industry and governments of all levels must work together to maintain the optimum settings to encourage resilience, enterprise and innovation.

The Commonwealth Business Forum in Perth in October 2011 will be an ideal opportunity to explore how other Commonwealth countries can address these challenges and link into the massive growth of north Asia and India.

And while in Western Australia I encourage you to take time before and after the Commonwealth Business Forum to experience the [extraordinary landscapes, culture, adventure and food](#). Explore the amazing Kimberley in the north, the wonderful Margaret River region and its world famous wines to the south; or simply take time to truly discover Perth and our port city of Fremantle.

I look forward to welcoming you to Perth in October 2011.
